

### 2.1.1. Baud rate settings

The baud rate is the rate at which bits are transmitted from the reader to the host, and vice versa. Both the reader and the host should be set to the same baud rate

	SET	
150 baud	K0	
300 baud	K1	
600 baud	K2	
1200 baud	K3	
2400 baud	K4	
4800 baud	K5	
<b>9600 baud</b>	<b>K6</b>	
19200 baud	K7	
38400 baud	K8	
57600 baud	K9	
115200 baud	SZ	
	END
